

North Lake High School

23340 Elmira, St. Clair Shores, MI 48082

North Lake High School is a place of opportunity. For many individuals, the “academic world” has been a struggle. We are different- North Lake High School has structured its educational environment to suit the needs of those deemed struggling learners. We have developed an environment that helps breed success.

We provide a smaller, more comfortable and safe environment for students. With differentiated instruction, we are able to work with students at a much slower pace than what they may have experienced before. We provide ample opportunities for them to become successful students by setting certain values and standards for them to strive for.

Our School Features:

Smaller Class Sizes

Potential to Earn 9.0 Credits per year

Odysseyware Computer Learning Courses

Our Mission

North Lake High School will provide an education tailored to meet individual student needs, support a sense of belonging, and development of a positive self-image. Each student will acquire the ability, knowledge, and character to excel in meeting the challenges and opportunities of a rapidly changing world.

Students must be at least 15 years of age and under 20 years of age by September 1st
