SAT- 4Day Math Workshop

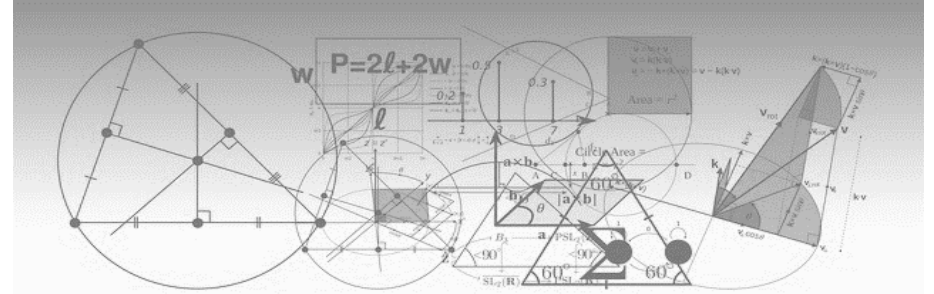

Learn the skills and materials needed to be successful in the math section of the SAT! Students will take practice tests and receive feedback on results, helping them to focus on areas that require assistance. Participants will be able to view exact format and types of questions to expect on the SAT. They will also learn test taking strategies, such as studying skills and ways to practice at home. Each student will be prepped for both non-calculation and calculation portions of the test. **Bring note pad and calculator!*

**St. Clair Shores & Community Education Building
23055 Masonic Blvd., St. Clair Shores MI 4808**

Thurs. 2/28-3/21 4 Classes 6:30-8:30pm Room 103 Cost: \$50

Register at: scsace.org or 586.285.8880
